CHEMICAL MANAGEMENT UNIT (CMU) Quarterly Report

DESCRIPTION

To:	Mr. Rafael S. Ngumbu, Manager ERRS Department
From:	Mr. Emmanuel Suah, Head of Chemical Management Unit
Contact:	+231 775520872 Email: esuah@epa.gov.lr
Reporting Quarter:	Quarter Three, 2026
Reporting Period:	July 1- September 30, 2026
Reporting Date:	September 28, 2024

BACKGROUND / SUMMARY

The Chemical Management Unit is one of the Units in the Environmental Research and Radiation Safety Department at the Environmental Protection Agency. In collaboration with relevant sections, units, and departments of the EPA and other national and international stakeholders, the Unit was established to implement relevant provisions of the Agency's Act and the Environmental Protection and Management Laws. Understanding the chemical sector as one of the largest industrial sectors in the world and a fast emerging in Liberia, and considering the adverse consequences of unsound chemical management, the Unit was also established to undertake actions to prevent and mitigate the impacts on the environment, human health and economy of chemical accidents.

The Unit supports the Agency in achieving several specific targets of the Sustainable Development Goals. It is a collaborative hub for implementing Multilateral Environmental Agreements (MEAs) on chemicals and hazardous waste. It works closely with focal points of the Stockholm Convention on Persistent Organic Pollutants (POPs), Vienna Convention for the Protection of the Ozone Layer, the Montreal Protocol on Substances that Deplete the Ozone Layer, Minamata Convention on Mercury, Rotterdam Convention on the Prior Informed Consent Procedure on Hazardous Chemicals and Pesticides in International Trade, and the Basel Convention on the Control of Trans-boundary Movement of Hazardous Wastes and their Disposal for effective delivery.

The Unit issues chemical registration and importation licenses, chemical importation clearances, effluent discharge licenses, chemical disposal licenses, fumigation licenses. Additionally, the

Unit serves as the Custodian of the Pollutant and Chemical Registry and is responsible for verifying and inspecting relevant proponents' applications and activities.

This report covers activities beginning in **July to September 2026**. The Chemical Management Unit (CMU) demonstrated exemplary operational efficiency **during July-September**, achieving a response rate on all applications received. The unit issued a total of **15 licenses and 19 clearances**, such as chemical registration, chemical importation, Chemical Transportation, fumigation, and effluent discharge licenses. The unit conducted critical chemical escort operations

ACTIVITIES SUMMARY FOR THE QUARTER

Number of Foreign Events Attended	0
Number of Local Events Attended	0
Number of verification / Inspection Investigations	0
Number of Training Conducted	0
Number of Non-bill or Letters Communicated	0
Number of Other activities conducted	0
Number of Meetings Attended:	
Number of applications received	38
Number of responses	38
Number of chemical escorts	0
Chemical Clearances/Letters	19
Nationwide Chemical Inventory	0
Chemical registration Licenses	3
Chemical Importation Licenses	5
Effluent Discharge Licenses	5
Number of chemical seizures	0
Annual Transportation License	2
Chemical disposal licenses	0
Number of Fumigation License	

TABLE 1: MAJOR DELIVERABLES

No	Applications received and responded:	Location
----	--------------------------------------	----------

1	Bea Mountain Mining Inc.	Monrovia, Liberia
2	New Green World Fumigation Service Inc.	Dry Rice Market, Bardnersville
3	Firestone Liberia, LLC	Harbel ,Margibi County
4	AND Incorporated	Japan Freeway
5	Everette Transport Corporation	16 th Street Sinkor, Monrovia, Liberia
6	LIPFOCO	Monrovia, Liberia
7	Jeety Rubber, LLC	Salala, Margibi County
8	Cavalla Rubber Corporation	Maryland County
9	Maryland Oil Palm Plantation	Maryland County
10	Arcelor-Mital Liberia	Monrovia, Liberia
11	Bea Mountain Mining Corporation	Dry Rice Market, Bardnersville
12	H&K	HarbelBuchanan, Grand Bassa County
13	Jamila Mining Corporation	Japan Freeway
14	New Pest Fumigation Services	Rehab16 th Street Sinkor, Monrovia, Liberia
15	Zoom Lion Fumigation	Monrovia, Liberia
16	Monrovia Breweries	Salala, Margibi County
17	Liberia Soap & Detergents	Maryland County
18	Liberia Agriculture Company	Buchanan, Grand Bassa County
19	LIPFOCO Mattress Factory	Bong Mines Bridge,
20	Golden Veroleum Liberia	Maryland County
21	Arcelor-Mital Liberia	
22	Bea Mountain Mining Corporation	
23	CGL International	
24	Africa Global Logistic	
25	New Pest Fumigation Services	Rehab, Paynesville
26	Fouani Brothers Corporation	Monrovia, Liberia
27	Liberia Agriculture Company	Buchanan, Grand Bassa County
28	Mano Manufacturing Company	
29	The GEMPRO Group of Companies	
30	CGGC Mining Services	Congo Town

31	K & P Agriculture	
32	Cavalla Rubber Corporation	Maryland County
33	Firestone Rubber, LLC	Harbel, Margibi
34	Golden SIFCA	Maryland County
35	HYSAA Liberia, Inc.	Monrovia, Liberia
36	Monrovia Breweries Inc.	Monrovia, Liberia
37	Maryland Oil Palm Plantation	Maryland County
38	Sunny Brother Inc.	Clara Town, Monrovia
No.	Chemical Registration Issued	Address
1	Cavalla Rubber Corporation	Maryland County
2	Maryland Oil Palm Plantation	Maryland County
3	Jeety Rubber, LLC	Margibi County
4		
5		
6		
7		
No	Effluent Discharge License Issued	Address
1	Maryland Oil Palm Plantation	
2	Cavalla Rubber Corporation	
3	Arcelor Mittal Liberia	
4	Jeety Rubber, LLC	
5	Bea Mountain Mining Inc. (Matambo Pit)	
No	Chemical Release / Clearances Issued	Address
1	Bea Mountain Mining Corp. (8X)	Grand Cape Mount
2	Bea Mountain Mining Inc. (5X)	
3	LIPFOCO (5X)	
4	Supreme Liberia Inc.	
5		
No	Fumigation license Issued	Address

1	New Green World	Russel Avenue, 15-16 Streets		
No	Chemical Disposal License Issued	Address		
	None			
No	Chemical Escort Conducted	Details (date and No. of Containers)		
	(6 Six)	Explosive	September 5,2026	6 trucks
		Ferric chloride	September 9,2026	3 trucks
		Ammonium nitrate	Sept 24,2026	23 trucks
		Ammonium nitrate	Sept 23,2026	16 trucks
		Ammonium nitrate	Sept 22,2026	16 trucks
		Explosive	Sept 18, 2026	24 trucks
No	Chemical Inventory Conducted	Address		
	None			
No	Chemical Importation License	Address		
1	CGGC Mining Services			
2	Cavalla Rubber Corporation			
3	Golden SIFCA			
4	Maryland Oil Palm Plantation			
5.	Firestone Liberia, LLC			
No	Chemical seizure Incidents	Address		
	None			
No	Chemical Transportation License	Address		

	AND Incorporated	
1	Everette Transport Corporation	
OTHER DELIVERABLES		
Other Letters / Non bill Communicated: None		
Meetings Attended: None		
Verifications/Inspections/Investigations: None		
Others Activities:		
1.		

TABLE 2: SOME ACTIVITIES DEFERRED OR PLANNED FOR NEXT QUARTER

1. **laboratory chemical inventory:** an inventory of laboratories chemical in school laboratories will commence next month to support the **effective management, safe handling, storage, and disposal of chemicals**, while minimizing potential risks to **human health, environmental quality, and laboratory safety**

TABLE 3: CHALLENGES or PROBLEM ENCOUNTERED

1. Chemical Handler, should be provided with the necessary personal protective equipment (PPE) to guarantee their safety and compliance with occupational health and safety regulations. The current workspace available to the Unit and the ERRS Department at large is adequate but lacks better furniture. Due to this, the team has not been able to properly organize its documents and equipment to perform their activities in the Unit
2. The Unit is experiencing setbacks in the effective implementation of its duties at the free port of Monrovia, due to the proposed training that is yet to be conducted by the National Port Authority (NPA).

TABLE 4: RECOMMENDATIONS / ISSUES FOR IMMEDIATE ATTENTION

The Unit recommends the following:

1. The provision of PPE for chemical handlers to mitigate risks associated with chemical

exposure and enhance the overall safety standards within the unit's operations.

- 2.** Improve interdepartmental and unit coordination and collaborations.
